

ALTO FRAME

The WCF **ALTO FRAME** provides a great solution to suit the modern workplace. It features independent top adjustment height, with each person having the ability to tailor the height adjustment of their desk to suit their specific needs.

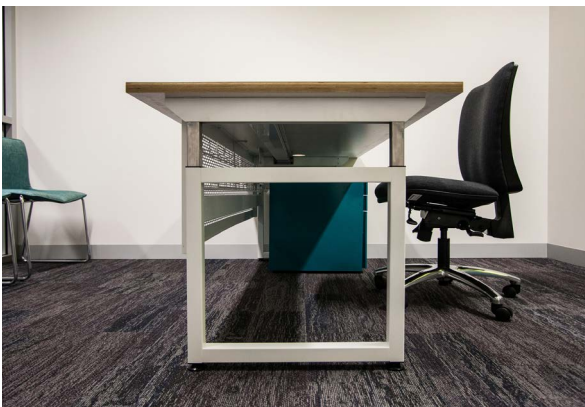

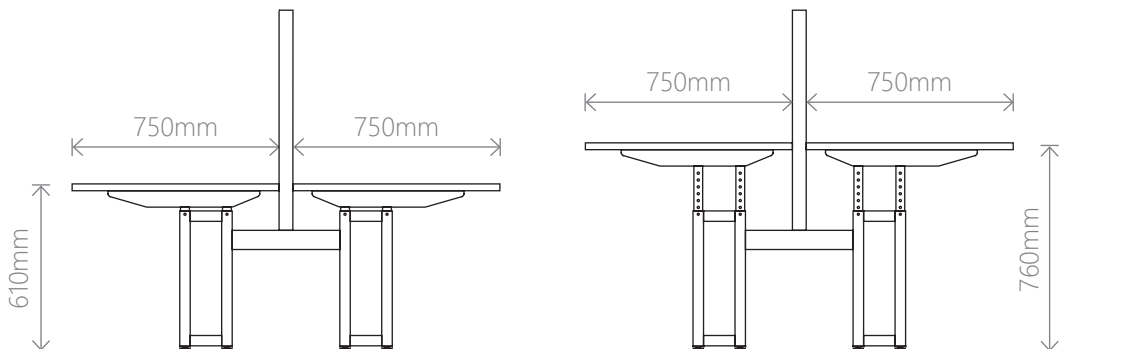

Alto Specifications

This workstation system has a height adjustment range of 610 to 760mm as per the requirements for height adjustability in the Australian Standards.

Standard top lengths: 1200 / 1500 / 1800 / 2100

Standard top depths: 750

Height Adjustment Range (610mm - 760mm in 25mm increments)

Alto Wide

The Alto Wide frame is a great option for freestanding desks which ties into our Alto system. With Technician height adjustability this frame is just as versatile as the Alto Frame.

The Alto and Alto Wide come in a selection of powdercoat finishes as standard. They are both compatible with a large range of accessories for power, cable access and screen partitions.

ALTO FRAME by WATTS COMMERCIAL FURNITURE

All furniture supplied by Watts Commercial Furniture comes with a limited 10 year warranty. A warranty period of 7 years applies to all seating and 5 years for all metal items.
