

SCREENLINER.

Please refer to a physical sample.
Images are for an indicative reference only.
Actual product may vary slightly, depending upon model configurations.

Inspired by aeronautical and automotive interior design, Screenliner creates a personal cabin space for the office worker with integrated storage for phones, glasses, headsets, and other personal effects. Screenliner features built-in power, inductive charging facilities and concealed power management. Upgrade your existing desk now by retro-fitting Screenliner's all in one solution.

FEATURES

- Built-in power and inductive charging facilities as well as concealed power management and ambient lighting.
- Hidden height adjustable monitor supports eliminate the fuss and clutter of yesterday's office design.
- The wire management compartment doubles as a modesty panel, with a removable front cover for easy access to segregated power and data cables.
- Colour available in Light Grey, Dark Grey and Oatmeal.
- Compatible with all WCF workstations
